Price Increase ★ ★ ★ ★ ★

X-Ray Analysis: live count, parasites, machine damage, Chalkbrood, etc.
 \$71.43 + \$3.57 (GST) = **\$75.00**

Sex Ratio: includes an x-ray analysis & female count, **Allow 6-8 week**
 (Samples must be sent in by March 4/17)
 \$142.86+ \$7.14 (GST) = **\$150.00**

RUSH SAMPLES- No longer accepted.

VERY IMPORTANT: All samples are done on a 1st come 1st serve basis

Please call to book your samples in @ 403-362-0453. Have your total sample numbers as well as your name & phone #. Samples will be processed by booking date and not received date.

- Please include payment (Cheque only) with samples along with phone #, Email address and sample bags reference numbers.
- **Cheques made payable to "Canadian Cocoon Testing Center" or CCTC**

The procedure will be as follows:

- Fill the Cocoon Testing lab sample bags to "Fill Line" (about 3cups) with a well-mixed batch of bees.
- All samples must be marked with the type of test wanting to be done.
- Samples will not be processed until payment is received.
- All samples requiring sex ratio tests must be received before **March 9/18.**
- Sex ratio tests cannot be done separately; an x-ray must be done before a sex ratio test can be completed.
- Results will be sent by Email, unless otherwise requested or email is unavailable.
